IN

SCHOOLS PROGRAM

"BUILDING BRIDGES RENEWED
MY HOPE FOR A FUTURE
WITHOUT PREJUDICE."

– *Iman, King Khalid
Islamic College student*

The Building Bridges Program has worked with over 2000 emerging leaders, cultivating mutual understanding and respect for the diverse cultural and religious backgrounds we all come from. The student participants have learnt to appreciate, engage with and build on each other's differences and commonalities to become competent global citizens and leaders in our society in the twenty-first century.
