

## Joining Building Bridges in Schools Program

There are two ways to join Building Bridges.

1. Join the current Building Bridges in Schools (BBIS) Program that operates in regional clusters of Secondary Colleges

*If you are interested in joining BBIS, and you are currently involved in a local Secondary College that wishes to join other schools in a regional cluster*

OR

2. Run a Building Bridges in Schools (BBIS) Program within your School Community, giving opportunity for various cultural and religious elements of your school community to enter into a creative dialogue around their commonalities and differences, plus their life and faith.

*If you are interested in joining BBIS as a stand-alone school community*

### TO APPLY

Download the application form from the 'How can my school join Building Bridges?' page under the 'Joining Building Bridges' menu on the Building Bridges website ([www.buildingbridges.org.au](http://www.buildingbridges.org.au)), print and complete it, and return it (including your School Principal's signature) as indicated.
